

A photograph of an industrial facility at night, featuring large metal structures, pipes, and bright lights. The scene is illuminated by several powerful spotlights, creating a high-contrast, industrial atmosphere. The facility appears to be a refinery or a chemical processing plant, with complex piping and structural elements visible.

ABOUT US

BACKGROUND

Natok is an engineering company that is situated in the Steelpoort area. Natok services are customized to provide a complete service offering to all our mining clients.

Natok has adopted world class project management systems that ensure that our projects are executed in time for better results. quality management systems to ensure consistency throughout the whole value chain.

VISION

To be the best in what we do and always go an extra mile for our customers.

MISSION

Sustaining quality, sourcing the best products and ensuring that our customers needs are met at all times.

WHAT WE STAND FOR

CSR

Natok aims to change living conditions of unprivileged individuals especially young people by providing skills and training to assuring a better future.

Natok programs are designed to provide long term benefits to our employees, consumers, shareholders, partners, and individuals in communities.
